IT’S TIME FOR A SAFER CENTRAL AVE

HERE IS WHY WE NEED TO TAKE ACTION RIGHT NOW

People killed and seriously injured on Central Avenue between 17th Street and 35th Street

WHAT KINDS OF COLLISIONS ARE KILLING AND SERIOUSLY INJURING PEOPLE?
CRASHES AFFECT EVERYONE WHO SHARES THE STREET

<table>
<thead>
<tr>
<th>9 PEOPLE IN VEHICLES</th>
<th>10 PEOPLE WALKING &amp; BIKING</th>
</tr>
</thead>
<tbody>
<tr>
<td>47%</td>
<td>53%</td>
</tr>
</tbody>
</table>

WHY DOES THIS MATTER?

COLLISIONS LIKE THESE IMPACT OUR COMMUNITIES

1 person was killed and 2 people were seriously injured on Central Avenue and Washington Boulevard in 3 crashes between 2009-2017

7 people were seriously injured on Central Avenue at Adams Boulevard in 3 crashes between 2009-2017

LET'S IMPROVE CENTRAL AVENUE TO SAVE LIVES

WE WANT TO HEAR FROM YOU

What is being planned on Central Avenue to improve safety?

What are your traffic safety observations along the corridor?

ON THE MAP TO THE LEFT, PLEASE MARK SPECIFIC TRAFFIC SAFETY CONCERNS

LEAVE A POST-IT NOTE HERE TO TELL US GENERAL TRAFFIC SAFETY CONCERNS FOR THE CORRIDOR

LEGEND

- HIGH VISIBILITY CROSSWALKS
- Additional painted stripes at crossings better define the space for people and help deter vehicles from moving into the crosswalk. All crosswalks along Central Avenue will be upgraded.

- LANE RECONFIGURATION
- Reconfiguring the lanes on Central Avenue provides a travel lane in each direction and a center turn lane which improves safety by separating left-turning vehicles from through traffic. It also creates a lane for pedestrian islands at new crosswalks.
